1. The drawings are objected to because no labels are accompanied with Figs 1-2. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

2. Claims 30-117 are presenting for examination.

3. Claims 110-115 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claim 110 states the limitations of placing numeric characters of a number of a telecommunications device of the user within at least one portion of said email address, wherein the at least one portion being that portion which identifies the user. These limitations are not fully supportive in the specification.

Therefore, it can be seen from the above discussion that claims 110-115 are rejected under 35 U.S.C. 112, first paragraph.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

Art Unit: 2157

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

5. Claims 30-117 are rejected under 35 U.S.C. 102(e) as being anticipated by Agraharam (US Pat. No. 5,987,508).

6. As to claims 30-46 & 116, Agraharam shows in Figs 1-3, a system of conveying an email message including an address field containing a descriptor (such as phone number) of an intended recipient of the email message, sending a database query to a database (117) of identifying elements (such as phone numbers) associated with the intended recipient (102) and email addresses to search for the email address associated with the descriptor (phone number), and transmitting the email message to the email address found, see the abstract, col 1, lines 16-18, lines 41-67, col 2, lines 1-10, lines 15-20, lines 39-55, col 3, lines 10-67, col 4, col 5, lines 1-23, lines 38-58, col 6, lines 6-22.

Art Unit: 2157

7. As to claims 47-117, the claims are similar in scope to claims 30-46 & 116, and they are rejected under the same rationale.

Therefore, it can be seen from paragraphs 6-7 that Agraharam anticipates claims 30-117.

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. .
